

MS. DORA- KINDER MATH

THE HONORS ACADEMY OF LITERATURE

Common Core State Standards

Describe and compare measurable attributes.

CCSS.Math.Content.K.MD.A.1 Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object.
CCSS.Math.Content.K.MD.A.2 Directly compare two objects with a measurable attribute in common, to see which object has “more of”/“less of” the attribute, and describe the difference. *For example, directly compare the heights of two children and describe one child as taller/shorter.*

In-class Assignments

- Use links to make patterns
- Use links to measure and compare classroom objects

Objectives and Validation

- Objective: Measure and compare items with linking cubes
Measure: Mentors evaluation and encouragement of the activity.

Mini-Lesson Topics

Measuring
Stride Academy
Comparing

* See your child’s Developmental Education Plan for one-on-one and small group instruction
